

David Farkas, Ed.D.

Assistant Superintendent of Educational Leadership,
Pupil Services and Safety,
San Ysidro School District

Dear San Ysidro School District Families,

At San Ysidro School District, we seek to maintain a safe environment for employees, students, families, and the community. To support those goals, we have partnered with [Concentric by Ginkgo](#) to provide an optional and free pooled COVID testing program.

But first, we need your help! We are requesting each family to participate in this program to help safeguard the wellbeing of our entire school community. Please sign the consent request below and read the attached overview from Concentric to answer some questions you may have. To get started, please fill out the consent form with your permission to perform a COVID-19 pooled test for your student. This process should take no more than 5 minutes to complete using a computer or a smartphone.

1. First, [click here](https://testcenter.concentricbyginkgo.com/minor-consent) (<https://testcenter.concentricbyginkgo.com/minor-consent>).
2. Then, enter the access code for your child's school:

San Ysidro Middle School: W3WUAM

Child Development Center: J0CH2F

La Mirada Elementary School: 3VUFS9

Ocean View Hills Elementary School: R34VN1

Smythe Elementary School: AGB7LX

Sunset Elementary School: ELVWQ7

Vista Del Mar Middle School: HHMU9B

Willow Elementary School: 7C8O0D

3. Finally, enter your child's information, and you're done!

Note: If you need to provide consent for more than one child, please complete the process once for each child.

4350 Otay Mesa Road, San Ysidro, CA 92173

(619) 428-4476 Ext. 3027

What is pooled testing?

Pooling can test 25 people using one test. All students in a class, pod, or cohort swab their own noses and place their swabs in a single tube (that's the pooling step). The samples in that tube are then run as a single sample, using one test. [See it in action here.](#)

Why pooled testing? Why should my student participate?

You know the old saying: "knowledge is power." Tools like pooled testing empower us to make great decisions. Without knowing the specific prevalence of COVID-19 in our school, it's tough for us to make informed decisions about safeguarding our school community, returning to school, or continuing in-person learning.

Only students with completed consent forms are able to participate in testing. If you do not want your family to participate, your student will not be included in the testing program. Though, we hope you do!

Testing empowers us to make these informed decisions about in-person learning and allows students, teachers, and staff to come to school with peace of mind.

To learn more about pooled testing, watch this [video](#) from another school using this service and visit Concentric by Ginkgo's [website](#)

Sincerely,

David Farkas, Ed.D.
