Principal's Message

Welcome to Ocean View Hills Elementary School, home of Dolphins. Ocean View Hills offers a comprehensive curriculum for all our students. We are a professional learning community dedicated to the academic success and character development of all our students. Our faculty collaborates, plans and implements research-based instructional practices designed to maximize student achievement.

Our top priorities are safety, attendance, academic growth and character education. In addition, due to CO-VID-19, we have adapted a mental health and well-being component in our school day to ensure that our students have support during these trying times. Ocean View Hills embraces the philosophy that fosters a safe learning environment characterized by our schoolwide rules, Be Respectful, Be Responsible Be Safe and Be Kind.

We are a two-time recipient of the California Distinguished School Award. The culture of our school reflects a commitment to working together with students, parents and our community to ensure that all of our students meet their full academic and personal potential.

School Mission Statement

Ocean View Hills Elementary School provides students the opportunity to achieve, contribute and strive for excellence.

School Vision Statement

The vision of Ocean View Hills is to ensure a safe, supportive environment so that all students can reach their full potential. We are committed to providing a rigorous, standards-based instructional program that engages students, and prepares them to be successful in the path for college and career readiness for the 21st century.

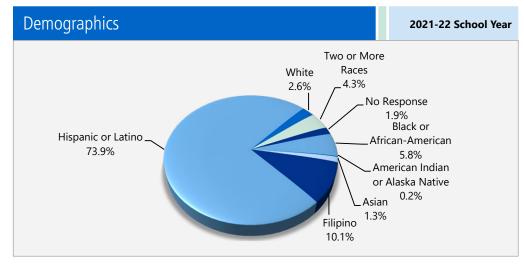

Parental Involvement

Our students benefit from extensive support from our parents and community members. Ocean View Hills is proud of its many opportunities for parents to volunteer their time. These opportunities include project volunteers, field trip chaperones, English Learner Advisory Committee (ELAC), School Site Council (SSC), Parent Advisory Committee (PAC) and Parent Teacher Association (PTA). Parent workshops are also provided

For more information on how to become involved, please contact the school at (619) 661-0457.

Enrollment by Student Group

The total enrollment at the school was 1,079 students for the 2021-22 school year. The pie chart displays the percentage of students enrolled in each group.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

District Mission Statement

The mission of the San Ysidro School District:

Quality education and opportunity for all students to succeed.

District Vision Statement

The San Ysidro School District, in partnership with our teachers and community, is committed to providing a high-quality, multicultural learning environment that promotes academic excellence, social responsibility, and physical and emotional well-being for all students.

Class Size Distribution

The bar graphs display the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Note: Data collected during the 2020–21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table shows the school, district, and state suspension and expulsion rates collected between July through February, partial school year due to the COVID-19 pandemic.

Note: The 2019–20 suspensions and expulsions rate data are not comparable to other year data because the 2019–20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–20 school year compared to other school years.

Professional Development

All curriculum and instructional improvement activities at San Ysidro School District are aligned to the California Common Core State Standards and frameworks. The district professional-development program provides opportunities for teachers and support staff to implement the district's core curriculum for all students, update subject-area expertise, use data to plan instructional improvement strategies and acquire new instructional strategies for use in the classroom. Additionally, teachers and support staff have the opportunity to participate in conferences, districtwide professional development throughout the year focusing on Common Core State Standards implementation and specific training to support English language learners and students with special needs.

At the site level each year, targeted professional-improvement activities are provided for teachers and support staff that reflect the specific school goals and objectives reflected in the school site plan such as: Professional Learning Community (PLC); Grade Level Collaborations as well as various conferences and workshops, such as Association of California School Administrators (ACSA) Principals Academy, School Business Academy, Project GLAD training, English Learner Roadmap, Nonviolent Crisis Intervention, Homeless Conference, AVID Institutes, Critical Issues Conference, etc.

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard. org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. Due to changes to the 2021–22 PFT administration, only participation results are required for the five fitness areas.

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students participating in each of the five fitness components for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

SARC Reporting in the 2020–21 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

The CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

CAASPP Test Results in Science for All Students (grades 5, 8 and high school)

The table below shows the percent of students meeting or exceeding the State standard on the CAASPP – California Science Test (CAST) and the California Alternate Assessment for Science (CAA for Science) for grades 5, 8, and once in high school (i.e., grade 10, 11 or 12).

▲ This school did not test students using the CAASPP for Science.

Data for 2020–21 are not comparable to other year data due to the COVID-19 pandemic during the 2020–21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–21 school years.

Statewide Assessments

Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- **1.** Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

CAASPP by Student Group: Science, English Language Arts and Mathematics

The tables on the following pages display the percentage of students that met or exceeded state standards in science, English language arts/literacy and mathematics for the school by student groups.

The "percentage met or exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Textbooks and Instructional Materials

SARC

San Ysidro School District held a public hearing on September 8, 2022, determining sufficiency of instructional materials at all schools within the district. All schools were found to have sufficient and good-quality textbooks, instructional materials or science lab equipment pursuant to the settlement of Williams v. the State of California.

Students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. All teachers review materials approved for use by the state, and a recommendation is made to the board of trustees by a selection committee composed of teachers and administrators.

School Safety

The district developed a Comprehensive School Safety Plan in order to comply with Senate Bill 187 of 1997. The plan provides students and staff means to ensure a safe and orderly learning environment. Key elements of the Comprehensive School Safety Plan include child-abuse reporting procedures, teacher notification of dangerous-pupils procedures, disaster-response procedures, procedures for safe entering to and exiting from school, sexual harassment policy, suspension and expulsion policies, dress code and discipline policies.

The school safety plan was last reviewed, updated, and discussed with the school faculty in January 2023. Ocean View Hills is focused on providing a positive, safe, and secure learning environment for students, staff, parents and the community. Ocean View Hills has a Site Emergency Operation Plan (SEOP). The SEOP is accessible to all faculty and staff. The SEOP is updated every school year and is shared with the School Site Council and faculty. We conduct the following drills: a fire drill once a month, an earthquake drill twice a year, a lockdown drill once a year and a bus evacuation drill once a year. Ocean View Hills is committed to supporting a learning environment that allows staff to effectively teach and for students to actively learn. Ocean View Hills School is currently on Tier 1 of the Positive Behavior Intervention Supports (PBIS). We have schoolwide rules and expectations posted in each classroom and around campus. Our PBIS team will develop an action plan to incorporate Character Education lessons along with the Second Steps Curriculum, which includes Social and Emotional Learning. Also, we are using restorative practices with our students and staff.

Due to the pandemic, a COVID-19 school plan has been adopted for the district and our school site for the 2022-23 school year. The COVID-19 Safety Plan has been posted on the district and school website.

Availability of Textbooks and Instructional Materials

School Facilities

Ocean View Hills Elementary School provides a safe, clean environment for students, staff and volunteers. The present school building opened its doors in January 2006 and consists of 47 classrooms, a multipurpose room (MPR), a library media center, two computer labs and a main office building. The safety of the students and staff is Ocean View Hills School's primary concern. All visitors must sign in at the front office and wear identification tags while on school grounds. All volunteers must complete a volunteer application.

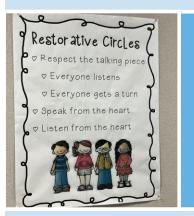

The school site's emergency operations plan includes steps for ensuring student and staff safety during a disaster or emergency. Fire and earthquake drills are conducted once a month throughout the school year. Ocean View Hills has a fulltime campus security office and campus aides.

Cleaning Process

The District Governing Board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free.

Maintenance and Repair

A scheduled maintenance program is administered by Ocean View Hills Elementary School's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by San Ysidro School District to ensure school grounds and facilities remain in excellent repair. A work-order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received.

"Our top priorities are safety, attendance, academic growth and character education."

Teacher Preparation and Placement

The teacher data displayed in this SARC is from the 2020-21 and the 2021-22 school years. This table displays the number and percent of teacher authorization/assignment as well as the total number and percent of teaching positions at the school, district, and state levels. For questions concerning the assignment of teachers outside their subject area of competence or the credential status of teachers, visit the California Commission on Teacher Credentialing website at https://www.ctc.ca.gov/.

Note: The data in these tables is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The data source is the California State Assignment Accountability System (CalSAAS) provided by the Commission on Teacher Credentialing. For information on the CalSAAS, visit the CALPADS web page at https://www.cde.ca.gov/ds/sp/cl/calpadsupdflash201.asp.

For more information on the definitions listed above, refer to the Updated Teacher Equity Definitions web page at https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp.

Teachers Without Credentials and Misassignments (considered "ineffective" under ESSA)

This table displays the number of authorization/assignments of teachers as well as the total number of teachers without credentials and misassignments at the school level. For questions concerning the permits, waivers, and misassignment of teachers, visit the California Commission on Teacher Credentialing website at https://www.ctc.ca.gov/.

Data for this year's SARC was provided by the California Department of Education and school and district offices. For additional information on California schools and districts and comparisons of the school to the district, the county and the state, please visit DataQuest at http://dq.de.ca.gov/dataquest. DataQuest is an online resource that provides reports for accountability, test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners. Per Education Code Section 35256, each school district shall make hard copies of its annually updated report card available, upon request, on or before February 1. All data accurate as of January 2023.

Expenditures Per Pupil

Supplemental/restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.
