Principal's Message

I would like to thank you for taking the time to explore our 2017-18 School Accountability Report Card (SARC). As principal, I am proud of the La Mirada Elementary School community, which includes our teachers, parents, students, support staff and volunteers. Our school community is committed to nurturing a safe environment that encourages self-confidence, responsibility and innovative thinking, while promoting lifelong learning. These accomplishments are achieved through unified efforts as we embrace the uniqueness of all children. Students are viewed as the foundation for a strong community.

As participants of this community, it is our obligation to instill the belief all students can achieve. It is our responsibility to express that every child must have the opportunity for increased academic achievement. We have created a community where all members see individual students as a whole person and seek out additional information in order to characterize overall success.

Our pledge to La Mirada community is to continue to seek out experiences, which allow us to continuously grow in a positive manner, all in the best interest of student growth. It is our responsibility to define and reassess strengths and weaknesses within our school, and to continue to make changes accordingly. Our commitment is to tap into a variety of resources that allow us the opportunity to enhance our educational program.

It is the belief of La Mirada Elementary School that students can and will excel in an environment that is tailored to their evolving needs. It is due to this belief that we have been able to successfully develop a comprehensive educational program that celebrates and promotes ethnic and cultural diversity; individuality; and emotional, intellectual, and social eminence. We strive to provide students with not only the support and encouragement to accomplish such feats, but the means to do so as well.

In our longstanding tradition of excellence, we maintain a commitment to our students, parents, community members and staff to provide the best educational experience possible. We renew this commitment yearly in hopes that together, we will continue to improve our effectiveness in educating the students of today, preparing them to become productive citizens of tomorrow. It is in light of this fact that we welcome any suggestions, ideas or comments you may have.

We will continue to challenge ourselves to increase academic achievement. We will continue to reflect on the road toward our success, and maintain our persistence to examine the past and the present in order to continue to make positive gains toward the future. We recognize our primary focus for all our students is to assist them in tapping into their individualized efforts and strengths. Our commitment is to band together, celebrate our diligence, and put forth all energies to continue down this path of excellence. Thank you for assisting La Mirada Elementary School in making our students' experience here productive, memorable and enjoyable.

School Mission Statement

La Mirada Elementary School students will soar to meet new challenges and be prepared to meet all of life's opportunities.

The La Mirada school community soars to great heights in educational excellence by providing a safe, nurturing, and stimulating learning environment that develops responsible, self-directed, and expressive individuals who are contributing members of the community. To reach these heights, all students will participate in an atmosphere of cooperation and trust that creates:

- Acceleration of student achievement
- A balanced curriculum with equal opportunities to learn and excel
- Dignity, respect and esteem for self, one another, and each other's culture and diversity
- Curiosity and motivation for lifelong learning
- Educational opportunities that develop the whole child
- Success-oriented opportunities for parents and the community to participate in the achievement of children

School Safety

The district developed a Comprehensive School Safety Plan in order to comply with Senate Bill 187 of 1997. The plan provides students and staff means to ensure a safe and orderly learning environment. Key elements of the Comprehensive School Safety Plan include child-abuse reporting procedures, teacher notification of dangerous-pupils procedures, disaster-response procedures, procedures for safe entering to and exiting from school, sexual harassment policy, suspension and expulsion policies, dress code, and discipline policies.

La Mirada Elementary School places a strong emphasis on safety for students and staff. We review emergency plans frequently. We hold annual training procedures and drills for earthquakes, fire, intruders and bus evacuations according to district requirements. Maintenance staff works with a scheduled preventive program to offset costly repairs. Staff models and reviews safe behaviors and practices with the students regularly. The school safety plan was last reviewed, updated and discussed with the school faculty in February 2019.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

District Mission Statement

The San Ysidro School District, in partnership with our teachers and community, is committed to providing a high-quality, multicultural learning environment that promotes academic excellence, social responsibility, and physical and emotional well-being for all students.

The mission of the San Ysidro School District:

Quality education and opportunity for all students to succeed.

Enrollment by Student Group

The total enrollment at the school was 424 students for the 2017-18 school year. The pie chart displays the percentage of students enrolled in each group.

Enrollment by Grade

The bar graph displays the total number of students enrolled in each grade for the 2017-18 school year.

"Our commitment is to band together, celebrate our diligence, and put forth all energies to continue down this path of excellence."

Parental Involvement

Parents assist the school by volunteering in activities and participating in the Parent Teacher Association (PTA). Parents also participate in the School Site Council (SSC), English Learner Advisory Committee (ELAC), District English Learner Advisory Committee (DELAC) and District Parent Advisory Committee (DPAC).

The community is supportive of the health and well-being of students at La Mirada Elementary School. The San Ysidro School District works with the state's Healthy Start and Even Start programs to provide year-round services to parents and children within the community. Healthy Start services include but are not limited to family and individual counseling and referrals for legal issues, substance abuse, family violence and emergency services. Through Even Start, which focuses on children from birth to age 5, the district coordinates services to help parents gain the skills needed to become full partners in the education of their young children. Even Start integrates early-childhood education, adult literacy or adult basic education, and parenting education into a unified family literacy program.

Parents who wish to participate on La Mirada Elementary School's leadership teams, school committees, school activities or become volunteers may contact La Mirada DELAC representative Luisa Barrera at (619) 428-4424 or DPAC representative Frank Coates.

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the internet at libraries and public locations is generally provided on first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

Suspensions and Expulsions

This table shows the school, district, and state suspension and expulsion rates for the most recent three-year period. Note: Students are only counted one time, regardless of the number of suspensions.

Class Size Distribution

The bar graphs display the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

CAASPP Test Results for All Students: Science (grades 5, 8 and 10)

The 2016–17 and 2017–18 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The California Science Test (CAST) was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

California Assessment of Student Performance and Progress (CAASPP)

For the 2017-18 school year, the CAASPP consists of several key components, including:

California Alternate Assessments (CAA) test includes both ELA/literacy and mathematics in grades 3-8 and 11. The CAA is given to those students with the most significant cognitive disabilities whose current individualized education program (IEP) designates an alternate assessment.

Smarter Balanced Assessments include ELA/literacy and mathematics in grades 3-8 and 11. Smarter Balanced Assessments are designed to measure student progress toward college and career readiness.

The assessments under CAASPP show how well students are doing in relation to the state-adopted content standards. On each of these assessments, student aggregate scores are reported as achievement standards. For more information on the CAASPP assessments, please visit www.cde.ca.gov/ta/tg/ca.

CAASPP by Student Group: English Language Arts/Literacy and Mathematics

The table on the following page displays the percentage of students that met or exceeded state standards in English language arts/literacy and mathematics for the school by student groups for grades 3-6.

The "percentage met or exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. The PFT measures six key fitness areas:

1. Aerobic Capacity
2. Body Composition
3. Flexibility
4. Abdominal Strength and Endurance
5. Upper Body Strength and Endurance
6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

Textbooks and Instructional Materials

San Ysidro School District held a public hearing on September 13, 2018, determining sufficiency of instructional materials at all schools in the district. All schools were found to have sufficient and good-quality textbooks, instructional materials or science lab equipment pursuant to the settlement of Williams v. the State of California.

Students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. All teachers review materials approved for use by the state, and a recommendation is made to the board of trustees by a selection committee composed of teachers and administrators.

School Facilities

La Mirada Elementary School provides a safe, clean environment for students, staff and volunteers. The 42,126 square foot campus includes 20 classrooms, originally constructed in 1973, and four relocatable classrooms. The campus also encompasses a cafeteria, library and administrative offices. A turf and sand area, as well as a game court, serve student recreational activities.

The safety of the students and staff is La Mirada Elementary School's primary concern. All visitors must sign in at the front office and wear identification tags while on school grounds. School staff and parent volunteers are on duty during recess, lunch, and before and after school to ensure the safety of all our students. The school's disaster-preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year.

Cleaning Process

The District Governing Board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free.

The principal works daily with three custodians to develop sanitation schedules that ensure a clean, safe and functional learning environment.

Maintenance and Repair

A scheduled maintenance program is administered by La Mirada Elementary School's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by San Ysidro School District to ensure school grounds and facilities remain in excellent repair. A work-order process is used when issues arise that require immediate attention. We give emergency repairs the highest priority; repair requests are completed efficiently and in the order in which they are received. At the time of publication, 100 percent of the restrooms on campus were in good working order.

La Mirada Modernization

La Mirada went through a modernization during the months of June to August 2017. Renovations were made in classrooms, bathrooms, the multipurpose room, library and offices. La Mirada also received new furniture and computers. The landscape and parking area is also new.

Professional Development

All curriculum and instructional improvement activities at San Ysidro School District are aligned to the California Common Core State Standards and frameworks. The district professional-development program provides opportunities for teachers and support staff to implement the district's core curriculum for all students, update subject-area expertise, use data to plan instructional improvement strategies and acquire new instructional strategies for use in the classroom. Additionally, teachers and support staff have the opportunity to participate in conferences, districtwide professional development throughout the year focusing on Common Core State Standards implementation and specific training to support English language learners and students with special needs.

At the site level each year, targeted professional improvement activities are provided for teachers and support staff that reflect the specific school goals and objectives reflected in the school site plan such as: Professional Learning Community (PLC); Grade Level Collaboration; Data Reflection Sessions; teacher on special assignment (TOSA) coaching sessions as well as various conferences and workshops, such as the Math Conference, Lift Teacher Leader Training, Kagan Collaboratives, Project Lead The Way (PLTW), EdTechTeacher, NGSS Academies, CAASPP Institutes and AVID teacher training.

Expenditures Per Pupil

Supplemental/restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

Data for this year's SARC was provided by the California Department of Education and school and district offices. For additional information on California schools and districts and comparisons of the school to the district, the county and the state, please visit DataQuest at <http://dq.cde.ca.gov/dataquest>. DataQuest is an online resource that provides reports for accountability, test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners. Per Education Code Section 35256, each school district shall make hard copies of its annually updated report card available, upon request, on or before February 1.

All data accurate as of December 2018.
