Principal's Message

Welcome to Ocean View Hills Elementary School, home of Dolphin PRIDE. Ocean View Hills offers a comprehensive curriculum for all our students. We are a professional learning community dedicated to the academic success and character development of all our students. Our faculty collaborates, plans and implements research-based instructional practices designed to maximize student achievement.

Our top priorities are safety, attendance, academic growth and character education. In addition, we strive to increase the desire and passion for learning and to develop leadership. Ocean View Hills embraces the philosophy that fosters a safe learning environment characterized by Pride, Respect, Intellect, Determination and Enthusiasm.

The culture of our school reflects a commitment to working together with students, parents and our community to ensure that all of our students meet their full academic and personal potential.

School Mission Statement

Ocean View Hills Elementary School provides students the opportunity to achieve, contribute and strive for excellence.

School Vision Statement

The vision of Ocean View Hills is to ensure a safe, supportive environment so that all students can reach their full potential. We are committed to providing a rigorous, standards-based instructional program that engages students, and prepares them to be successful in the path for college and career readiness for the 21st century.

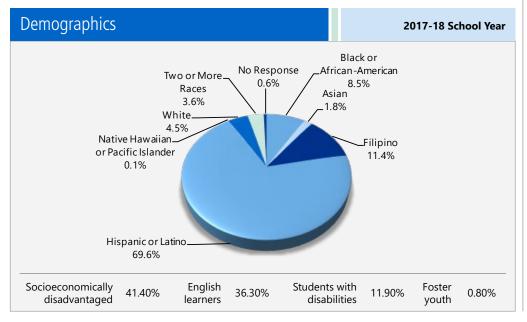

Parental Involvement

Our students benefit from extensive support from our parents and community members. Ocean View Hills is proud of its many opportunities for parents to volunteer their time. These opportunities include project volunteers, field trip chaperones, English Learner Advisory Committee (ELAC), School Site Council (SSC), Parent Advisory Committee (PAC) and PTA.

For more information on how to become involved, please contact Maida Gonzalez, PTA president, at (619) 661-0457.

Enrollment by Student Group

The total enrollment at the school was 1,009 students for the 2017-18 school year. The pie chart displays the percentage of students enrolled in each group.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

District Mission Statement

The San Ysidro School District, in partnership with our teachers and community, is committed to providing a high-quality, multicultural learning environment that promotes academic excellence, social responsibility, and physical and emotional well-being for all students.

The mission of the San Ysidro School District:

Quality education and opportunity for all students to succeed.

Class Size Distribution

The bar graphs display the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

CAASPP Test Results for All Students: Science (grades 5, 8 and 10)

The 2016–17 and 2017–18 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The California Science Test (CAST) was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

California Assessment of Student Performance and Progress (CAASPP)

For the 2017-18 school year, the CAASPP consists of several key components, including:

California Alternate Assessments (CAA) test includes both ELA/literacy and mathematics in grades 3-8 and 11. The CAA is given to those students with the most significant cognitive disabilities whose current individualized education program (IEP) designates an alternate assessment.

Smarter Balanced Assessments

include ELA/literacy and mathematics in grades 3-8 and 11. Smarter Balanced Assessments are designed to measure student progress toward college and career readiness.

The assessments under CAASPP show how well students are doing in relation to the state-adopted content standards. On each of these assessments, student aggregate scores are reported as achievement standards. For more information on the CAASPP assessments, please visit www.cde.ca.gov/ta/tg/ca.

CAASPP by Student Group: English Language Arts/ Literacy and Mathematics

The table on the following page displays the percentage of students that met or exceeded state standards in English language arts/literacy and mathematics for the school by student groups for grades 3-6

The "percentage met or exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. The PFT measures six key fitness areas:

- 1. Aerobic Capacity
- 4. Abdominal Strength and Endurance
- 2. Body Composition
- 5. Upper Body Strength and Endurance
- 3. Flexibility
- 6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the internet at libraries and public locations is generally provided on first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

Textbooks and Instructional Materials

San Ysidro School District held a public hearing on September 13, 2018, determining sufficiency of instructional materials at all schools in the district. All schools were found to have sufficient and good-quality text-books, instructional materials or science lab equipment pursuant to the settlement of Williams v. the State of California.

Students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. All teachers review materials approved for use by the state, and a recommendation is made to the board of trustees by a selection committee composed of teachers and administrators.

School Facility Good Repair Status

The table shows the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility's good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor. At the time of this school facility inspection, no deficiencies were found.

School Safety

The district developed a Comprehensive School Safety Plan in order to comply with Senate Bill 187 of 1997. The plan provides students and staff means to ensure a safe and orderly learning environment. Key elements of the Comprehensive School Safety Plan include child-abuse reporting procedures, teacher notification of dangerous-pupils procedures, disaster-response procedures, procedures for safe entering to and exiting from school, sexual harassment policy, suspension and expulsion policies, dress code, and discipline policies.

The school safety plan was last reviewed, updated and discussed with the school faculty in February 2019. Ocean View Hills is focused on providing a positive, safe and secure learning environment for students, staff, parents and the community. Ocean View Hills has a Site Emergency Operation Plan (SEOP). The SEOP is accessible to all faculty and staff. The SEOP is updated every school year and is shared with the School Site Council and faculty. We conduct the following drills: a fire drill once a month, an earthquake drill twice a year, a lockdown drill once a year and a bus evacuation drill once a year. Ocean View Hills is committed to supporting a learning environment that allows staff to effectively teach and for students to actively learn. Ocean View Hills implements a research-based, character-education program called Peace Builders. In addition, our leadership class, along with our site administration, facilitates a character-development program, Dolphin PRIDE—Performance, Respect, Intellect, Dedication, Enthusiasm.

Suspensions and Expulsions

School Facilities

Ocean View Hills Elementary School provides a safe, clean environment for students, staff and volunteers. The present school building opened its doors in January 2006 and consists of 47 classrooms, a multipurpose room (MPR), a library media center, two computer labs and a main office building. The safety of the students and staff is Ocean View Hills School's primary concern. All visitors must sign in at the front office and wear identification tags while on school grounds. All volunteers must complete a volunteer application.

The school site's emergency operations plan includes steps for ensuring student and staff safety during a disaster or emergency. Fire and earthquake drills are conducted once a month throughout the school year. Ocean View Hills has a full-time campus security officer and supervisors.

Cleaning Process

The District Governing Board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free.

Maintenance and Repair

A scheduled maintenance program is administered by Ocean View Hills Elementary School's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by San Ysidro School District to ensure school grounds and facilities remain in excellent repair. A work-order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received.

Professional Development

All curriculum and instructional improvement activities at San Ysidro School District are aligned to the California Common Core State Standards and frameworks. The district professional-development program provides opportunities for teachers and support staff to implement the district's core curriculum for all students, update subject-area expertise, use data to plan instructional improvement strategies and acquire new instructional strategies for use in the classroom. Additionally, teachers and support staff have the opportunity to participate in conferences, districtwide professional development throughout the year focusing on Common Core State Standards implementation and specific training to support English language learners and students with special needs.

At the site level each year, targeted professional improvement activities are provided for teachers and support staff that reflect the specific school goals and objectives reflected in the school site plan such as: Professional Learning Community (PLC); Grade Level Collaboration; Data Reflection Sessions; teacher on special assignment (TOSA) coaching sessions as well as various conferences and workshops, such as the Math Conference, Lift Teacher Leader Training, Kagan Collaboratives, Project Lead The Way (PLTW), EdTechTeacher, NGSS Academies, CAASPP Institutes and AVID teacher training.
