School District **EST - 1887**

QUALITY EDUCATION AND OPPORTUNITY FOR ALL STUDENTS TO SUCCEED

District Highlights

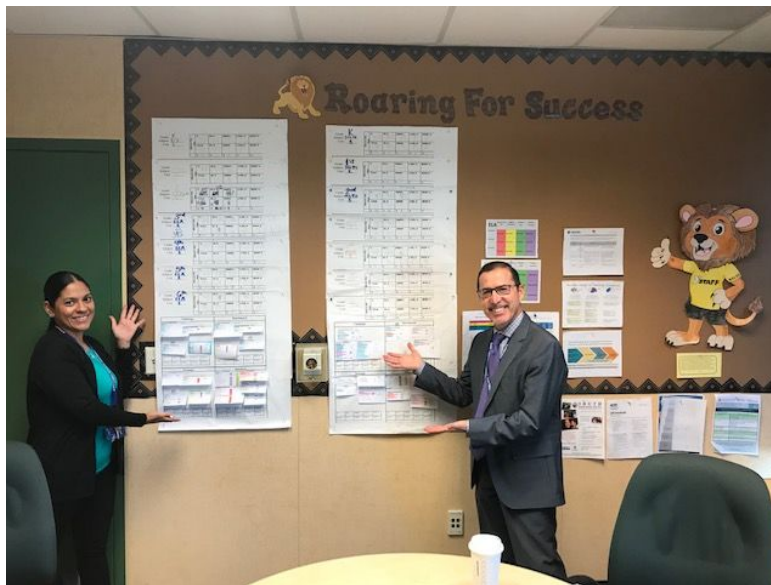

Superintendent - Gina A. Potter, Ed.D.

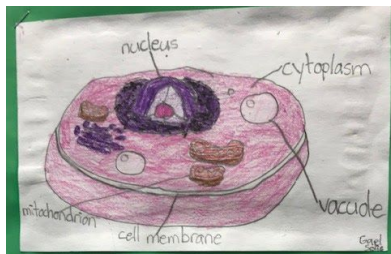

Week of October 19, 2018

SCHOOL VISITS La Mirada & Sunset

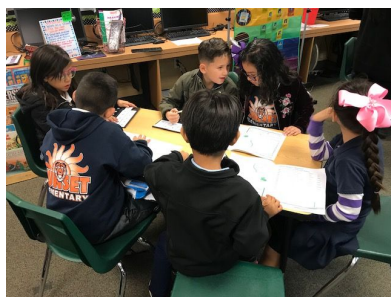

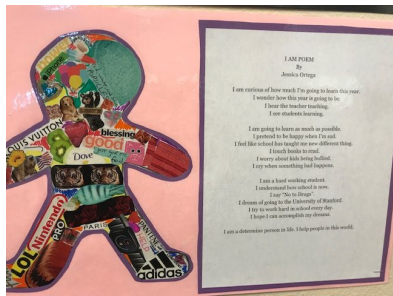

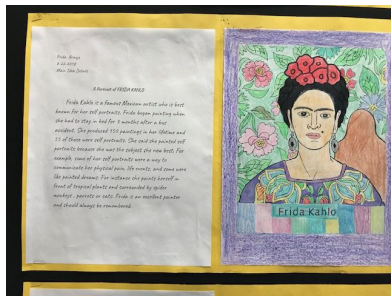

This week two board members (Lopez & Linares), Ms. Colom and I were able to join Principal Luis Ramos during his Coffee with the Principal. In addition, Ms. Colom and I visited classrooms this week with Principal Ramos at La Mirada, and then Principal Burciaga and Assistant Principal Meza at Sunset. Below are photos from our visits along with the district walkthrough feedback information we provided to both of these school sites.

Animal Cell
 Animal cells are what animals are made of and that carries life processes for the animal to survive. The nucleus is the big round part of the cell that tells other parts what to do. It does this by sending signals to the other parts. It's nickname is the control center.
 The cytoplasm is the gel-like substance that keeps all the inner parts of the cell in place. The vacuole stores food and water. Then lets the cell have them when it needs them. It also gets waste out of the cell. The mitochondrion is a small sac that lets the cell have energy from the food for it to use. The cell membrane is a thin layer that is outside the cell that lets things in and out of it.

SUPERINTENDENT - EDUCATIONAL LEADERSHIP AWARD

On Thurs, Oct 18th the superintendent was both humbled and honored to be the recipient of the Phi Delta Kappa San Diego Chapter Educational Leadership Award. A very special thanks went out cabinet members, parents, husband, children and former SYSD Superintendent Grace Kojima and former Director of Human Resources Alice for celebrating with the superintendent. A thank you was given to Mr. Mata for issuing a positive press release regarding this award for the district. The tremendous support our district has from respected educational leaders throughout San Diego county to move into the future with steadfast leadership and success is remarkable.

SYSD's Child Nutrition Program Highlighted in a Video featuring the California Food for California Kids Initiative - Thank you Ana Bush!

This week Ana Bush, our Area Production Manager coordinated a filming opportunity for our child nutrition program to be highlighted in a video for Tom Steyer of TomKat Educational Foundation featuring the California Food for California Kids initiative. The video is featuring various schools throughout California who are integrating freshly prepared California-grown food into meal programs. Thank you Sunset nutrition staff!
