# WHAT DOES THE "PURPLE TIER" MEAN FOR SAN YSIDRO SCHOOL DISTRICT?

Quality education and opportunity for all students to succeed

November 20, 2020

Dear San Ysidro School District Families and Colleagues,

You may have heard the news that the County of San Diego has been moved to the most restrictive tier of the state reopening system and may be wondering what it means for San Ysidro School District. The state made this announcement on November 17th and the "Purple Tier" took effect on November 21st in San Diego county. The new "Purple Tier" designation means San Ysidro School District will not be permitted to open our campuses for in-person instruction until the county has returned to and stays in the Red Tier. The soonest our schools would be able to reopen is after five weeks from the date of the purple tier designation, in this case December 16th. Thus, it is possible, yet unknown at this time if our schools will be able to reopen for the Blended Learning Program by our target date of January 2021.

While a county is designated within the "Purple Tier," schools not previously opened for in-person learning will continue providing distance learning programs for all students. However, while in the Purple Tier, schools are permitted to open for instruction to a limited number of specialized cohorts of up to 14 at-risk students per cohort. This cohorting guidance enables schools to provide supervision and care for students, including specialized services for at-risk students. This includes students receiving special education services, English learners, homeless and foster youth, students in need of access to the internet and devices for distance learning, and students qualifying for free/reduced meals.

Our district continues to plan for a January reopening with our blended instruction model if the County of San Diego is moved out of the "Purple Tier." Should we remain in the "Purple Tier" in January, our district will continue to offer a robust Distance Learning Academy for all students, with the possibility of reopening for specialized cohorts to support a limited number of at-risk students.

We are closely monitoring the county's COVID tier designations and will continue to work with local and state public health departments as we move forward. I will also continue to share updates as they become available. You can also find the most current information on our district's reopening plan on our district's website. I appreciate your flexibility and understanding as we adjust to these ever-changing conditions.

Sincerely,

Gina A. Potter, Ed.D.

Quality education and opportunity for all students to succeed

20 de noviembre de 2020

Estimadas Familias y Colegas del Distrito Escolar de San Ysidro,

Quizás hayan escuchado la noticia que el Condado de San Diego ha sido trasladado al nivel más restringido sobre el sistema de reapertura del estado y se preguntarán lo que eso significa para el Distrito Escolar de San Ysidro. El estado dio la noticia el 17 de noviembre y el "nivel morado" entro en vigor el 21 de noviembre para el condado de San Diego. Lo que la nueva asignación del "nivel morado" significa es que el Distrito Escolar de San Ysidro no tendrá permiso de abrir los planteles para la instrucción presencial hasta que el condado haya regresado y permanezca en el nivel rojo. Lo más pronto que podremos reabrir nuestras escuelas sería cinco semanas después de la fecha de la asignación al nivel morado, en este caso sería para el 16 de diciembre. Por lo tanto, es posible, aunque aún no se sabe, si nuestras escuelas podrán reabrir con el Programa de Aprendizaje Combinado para la fecha prevista de enero 2021.

Mientras que el condado este asignado al "nivel morado", las escuelas que no habían abierto para el aprendizaje presencial seguirán proporcionando los programas del aprendizaje a distancia para todos los alumnos. Sin embargo, mientras estemos bajo el "nivel morado", se les permitirá a las escuelas abrir para la instrucción a un número limitado de grupos especializados de hasta 14 alumnos en riesgo por grupo. Esta orientación de grupos les permite a las escuelas proporcionar la supervisión y el cuidado de los alumnos, incluyendo los servicios especializados para los alumnos en riesgo. Esto incluye a los alumnos recibiendo servicios de educación especial, a los alumnos de inglés, a los alumnos sin hogar, a los jóvenes en hogar temporal, a los alumnos que necesitan dispositivos y el acceso al internet para el aprendizaje a distancia, y a los alumnos que califican para alimentos gratuitos o reducidos.

Nuestro distrito sigue planificando la reapertura en enero con nuestra modalidad de la instrucción combinada, si es que el Condado de San Diego es trasladado fuera del "nivel morado". Si para enero, permanecemos dentro del "nivel morado", nuestro distrito seguirá ofreciendo una Academia de Aprendizaje a Distancia solida para todos los alumnos, con la posibilidad de reabrir para grupos especializados y apoyar a un grupo limitado de alumnos en riesgo.

Estamos supervisando estrechamente el nivel de las asignaciones del condado para COVID y a medida que avanzamos seguiremos trabajando con los departamentos de la salud pública local y estatal. Además, seguiré proporcionando actualizaciones a medida que estas sean disponibles. También pueden encontrar la información más actual sobre el plan de reapertura en nuestra página web del distrito. Agradezco su flexibilidad y su comprensión durante los ajustes de estas condiciones y cambios constantes.

Atentamente,

Gina A. Potter, Ed.D.

**COVID-19 TESTING FOR ALL SCHOOL STAFF**

As our district moves into phase two of our reopening plan, we would like to share with you the progress being made in COVID-19 testing for school staff. Thanks to the County of San Diego and San Diego County Office of Education, our district staff is able to be tested for COVID-19 safely, and at no cost. As of October 1st, testing sites were opened for school district employees throughout the county.

These sites aim to produce results sooner than 48 hours after an individual is tested. This is helpful as it supports our number one priority of keeping all SYSD schools and facilities safe. All district employees working onsite shall test for COVID-19 every other month. All school districts countywide now have access to these COVID school personnel testing locations. This past week Certificated staff tested for COVID-19. Our new SYSD testing process is working well and has been well received by everyone.

**INSTRUCTIONAL PROGRAM PHASE III PLANNING**

As the district continues to work through the planning for the launch of Phase III we have finalized numbers for our families who chose Distance Learning or Blended Learning when we launch Phase III. The information from parents indicates that district wide 60% of our families would like Blended Learning and 40% of our families would like to continue in the Distance Learning Academy. Additionally, due to the fact that we

have moved into the Purple Tier, we have begun to plan for the potential of limited specialized cohorts on campuses, if needed in January.

### **LONG RANGE MASTER FACILITY PLAN (LRMFP) - VIRTUAL TOWN HALLS AS SPECIAL BOARD MEETINGS**

The district hosted its second Virtual Town Hall on Tuesday, October 6th and focused on Willow, Sunset & Beyer facility needs. These meetings are scheduled to gather input from parents, staff and the community which will assist us in the development of the Long Range Master Facility Plan. These meetings will be conducted as special board meetings in the event we reach a quorum. An additional town hall meeting specifically to discuss the Beyer School Site will be scheduled either in November or December of this year. Notification will be sent out as soon as the date is confirmed.
