AUTISM ACCEPTANCE MONTH

Our incredible special education teachers visited classrooms to present on Autism Acceptance. These presentations offered a valuable opportunity to promote understanding and inclusivity throughout our school community.

NATIONAL FOUNDATION FOR AUTISM (NFAR) 5K RUN/WALK

The NFAR Race for Autism was an annual event hosted by the National Foundation for Autism Research (NFAR) in San Diego. Taking place at Balboa Park, this family-friendly 5K run/walk drew thousands of participants each year. The race served to raise autism awareness, celebrate neurodiversity, and generate funds for local programs that supported individuals with autism and their families. Proceeds from the event supported community grants and initiatives that had a lasting impact throughout the San Diego region.

This year, staff from the Special Education Department and Smythe Elementary and the district proudly took part in the Race for Autism, showcasing their dedication to inclusivity and support for students with autism. Their participation not only contributed to vital fundraising efforts but also reflected a strong sense of solidarity with families and individuals affected by autism across the community.
