We were amazed by their special sensory classroom, which has become a place where our students practice their creativity and fine motor skills, as they also learn about emotional regulation. MENTAL HEALTH POSTERS ARE UP!

Our new mental health resource posters are now placed in areas of high visibility to our students and staff in all of our San Ysidro School District premises, including our schools, administration offices, and our San Ysidro School District Office. The posters are available in both English and Spanish. There are two versions for each language, one for our Middle School students and another for our Elementary School students.

Our goal is that both children and adults are able to see these posters, and that as a community we are all able to recognize mental health struggles and seek professional help when needed.

THANK YOU SYSD INSTRUCTIONAL RESOURCE MEDIA ASSISTANTS (IMRAS)!

We would like to thank all district IMRAs for their monumental and outstanding work in the first three weeks of school. The district IMRAs processed and distributed three different instructional material adoptions – English Language Arts, Science, and Social Studies. We are deeply grateful for their efforts in ensuring that all students had their instructional materials ready to learn at the beginning of the school year. All district IMRAs will be recognized as “Distinguished Champions” at the September 7th Governing Board Meeting. Thank you!
