Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed, unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within the LCAP Federal Addendum Template.**

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that **the LCAP Federal Addendum should not drive LCAP development.** ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

The SYSD's strategy for using federal funds is to increase performance of English Learners, and Low Income students to proficiency level. Title I monies are utilized to support literacy by differentiation, small group instruction, and interventions at all grade levels in order to close the gap between these students and their counterparts. Another strategy utilized by the SYSD is to provide parents a series of workshops to help them navigate the educational system in the U.S. Giving parents the tools to support their children in turn yields greater student achievement.

Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

The SYSD supplements core literacy for English Language Learners and Low income students by offering after school interventions, supplemental programs, and paraprofessionals to reduce the adult/student ratio during literacy time. Some sites use Title I funds to provide Reading Intervention Teachers. The district also uses Title I funds to provide supplemental programs (i.e. educational software, materials for dual language instruction) to support student English acquisition proficiency and literacy. At the middle schools Title I funds are utilized to provide Professional Development, teacher planning time and student interventions.

ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals, and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within this addendum**.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

Educator Equity

ESSA SECTION 1112(b)(2)

Describe the strategy the LEA will use to implement effective parent and family engagement under Section 1116.

THIS ESSA PROVISION IS ADDRESSED BELOW:

In order to support parent and family engagement SYSD will provide various parent workshops at the district and site levels. Topics and activities may include: literacy, math, science, social science, technology, strategies on how to navigate the educational system in the United States, and restorative justice practices. The parent center at the district office provides a space for parents to access computers and internet, as well as attend additional parent classes that focus on the role of parents in their children's education. To increase the amount and quality of parent and family engagement, SYSD will use district administration to provide site training for school site staff.

Each school has a Parent School Compact that delineates the roles of the school, the parent, and the student. In addition, each school develops their own Title I parent involvement policy which follows the California Department of Education's Title I parent involvement policy template. The school sites also provide opportunities for parent education based on parent needs. On a monthly basis, each school site principal facilitates "Coffee with the Principal" where principals provide a variety of trainings/ informational meetings (eg. state testing, district assessment information, data analysis, parent/teacher conferences, LCAP presentations, Single Plan for Student Achievement (SPSA), etc).

The SYSD strives to communicate with parents in order to create a cohesive understanding of programs and services that are available for all students. To that end information is sent to all parents in English and Spanish through mail, digital, robo-calls, and direct avenues. This information includes district and school notices, student testing results, annual notification packet, and other pertinent information regarding student and parent services and resources.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Preschool Transition to Kindergarten

To create a seamless transition of students from preschool to kindergarten, the San Ysidro School District operates a Child Development Center (CDC). In May, every preschool classroom visits a Kindergarten class at their future home school. During the visit, preschool and kindergarten students co-mingle and the kindergarten teachers read a story to all students.

In addition, the CDC schedules transition meetings with parents to discuss what to expect as their child makes the transition to kindergarten. For those students deemed to be at-risk, parents are notified and attend a workshop. At the workshop, teachers meet with parents, discuss student progress, and are provided materials to work with students at home. The CDC also coordinates a Kindergarten Readiness workshop for all parents.

For those students not attending the CDC, the Preschool and CDC Coordinator will visit agencies to present information to assist parents in the transition to kindergarten classes in the San Ysidro School District.

There are also transition practices for the elementary to the middle schools. Sixth graders attend an elective fair while they visit the middle school to familiarize themselves with the activities, teachers, and school events. Six grade teachers also meet with the middle school teachers to make the transition smoother.

Middle School students visit the high school once a year where they have the opportunity to see the electives offered as well as the clubs and the sports they offer at the high school.

The teachers who teach this content have created matrix/pacing guides to delineate the instruction that will take place over the course of the year and instruction is monitored through administrative walkthroughs with feedback. Students receive grades for this curriculum at the end of every trimester. Annually, students participate in a Display of Learning to demonstrate their learning around the grade level content taught at each grade level.

Additionally, we are committed to providing for the social-emotional well being of all of our students. We will be purchasing curriculum and implementing daily instructional expectations that will help to support the needs of all of our students, by strengthening and reinforcing the social emotional well being of all students. Along with the purchase and professional development for this curriculum, we will be providing Restorative Justice training to all school site staff. This will tie into the ongoing implementation of PBIS and behavior interventions. We will be monitoring this program by tracking referral data, suspension data, attendance data, and survey data.
