San Ysidro School District Elementary School Honored as 2018 California Distinguished School

SAN YSIDRO – Ocean View Hills Elementary School has been recognized as a 2018 California Distinguished School. State Superintendent of Public Instruction Tom Torlakson announced that 287 schools state-wide were honored under the Distinguished Schools Program. San Diego County is home to 451 elementary schools. Ocean View Hills was among the 33 elementary schools in the county selected for this distinguished designation.

“We are honored to be recognized as a California Distinguished School,” said Nadia Aviles, Principal at Ocean View Hills. “I’m proud that the hard work and dedication that our teachers, staff, parents and children demonstrate each and every day has been recognized.”

The 2018 Distinguished Schools Program recognizes California elementary schools that have made exceptional gains in implementing academic content and performance standards adopted by the State Board of Education.

“These schools implement outstanding educational programs and practices that help California students realize their potential and put them on the path to achieve their dreams,” Torlakson said. “Every day at these schools, teachers, administrators and classified employees, working with parents, apply their dedication, creativity, and talents toward providing a great education for all their students.”
