SELECTING YOUR PLAN

HMO Plans

In an HMO, you must see your Primary Care Physician (PCP) first for most medical issues. Your PCP will refer you to any specialists you may need to see. When selecting your plan, remember:

- You and your dependents must enroll in the same network but can select different PCPs within that network.
- Your network election is effective for the entire year – you may change PCPs within the network but you cannot change networks until the next enrollment period.

Each of the available medical options covers a different network of doctors and may not offer coverage outside of that network.

UHC Performance HMO

Medical groups are ranked in multiple networks based on quality scores from the California Office of the Patient Advocate (opa.ca.gov) and what they charge for services. Copays vary by network. Medical groups in Network 1 have the highest performance ratings and lowest copays.

Kaiser

A high quality HMO program that utilizes the Kaiser Permanente network of hospitals and physicians.

UHC SignatureValue Alliance HMO

This HMO benefit plan is a health plan that offers access to selected physicians based on their ability to guide their patients to the care and resources that help promote better health outcomes and lower costs. This plan offers a VEBA-funded HRA that helps members meet your deductible. Members can use your HRA funds immediately to help cover the initial deductible expenses.

SIMNSA

A cross-border plan that requires routine care be received in Mexico. Eligibility restrictions apply.

FINDING A DOCTOR OR FACILITY

UHC Medical Plans

In an HMO, you see your PCP first for most medical issues. You do not need a referral for mental health, chiropractic or OB/GYN services.

To find a provider or facility:

1. Go to csveba.welcometouhc.com
2. Scroll down to choose from the plan options
3. Choose the appropriate network and click "Search the network"
4. Click "okay"
5. Click "continue"
6. Search by Name, Specialty or Medical Group

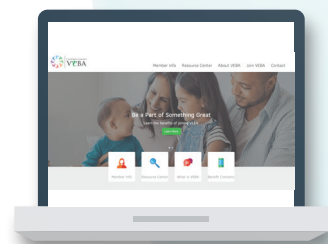

Chiropractic/Acupuncture

Provided by OptumHealth Physical Health of California providers, which has more than 2,700 network providers in California.

Three ways to find a provider:

1. Go to myoptumhealthphysicalhealthofca.com and select "Provider Locator." Choose "California Schools VEBA" from the dropdown menu for Plan/Product.
