READING GAINS. GET INVOLVED.**

Achieve3000's digital solutions reach all students one-on-one, at their individual reading levels, to:

- Accelerate learning
- Boost high-stakes test performance
- Prepare them for college and career

Participate in a session with an Achieve3000 expert to learn more about how to support your child's reading at home with Achieve3000 Literacy. You will gain an understanding about the program and how to best support your scholar from home. In addition, you will learn how your child signs into their student account to gain access to extensive, high-interest content. Your support during this time is invaluable- please consider participating in a session to engage in your child's learning.
